

Tell Ben that he must write to  
me and do the best he can  
all are well. Love them  
for reports to your mother  
I have not even your letter

Dear Benjamin

I received your last kind  
letter and I have no doubt that you  
have wondered why I have not written  
before this but you will not be surpris-  
ed when you hear that grandma has  
gone home to remain as she started  
today morning and you  
will all stay together. I am in your  
place in the state here but I cannot leave  
to be alone as it is impossible for her  
to be with me otherwise I was thinking  
of going home to see her but  
I cannot do so now as I am blind  
and I will try to do so when I am  
in position at least I enjoy as much as  
I can and I am going to  
go and visit at Ellis today and  
I hope to see you on Friday  
I hope she said that she  
was not sure when she would
